➹ Portfolio

PROFILE

I am a highly motivated third-year engineering student with a keen enthusiasm for learning and a fervent dedication to innovation. I am committed to expanding my knowledge and skills to creatively address challenges and deliver impactful solutions. I am recognized for my adaptability, persistence, and proactive approach to personal and professional growth.

EDUCATION

Undergraduation   2021 – 2025
B.M.S College of Engineering (cgpa 8.12)

Pre University College   2019 – 2021
Narayana PU College(95%)

SKILLS

Languages: (C++, JAVA) | **Frontend-Development:** (HTML, CSS , JAVASCRIPT, React JS)

Soft skills: (Time management and Multi-Tasking, communication skills, Problem-solving skills, Decision-making skills, Leadership and teamwork.)

Databases: (SQL, MongoDB)

PROFESSIONAL EXPERIENCE

Web Developer Intern
ROAS Expert Tech 🔗
- Collaborated with senior developers on web application development, focusing on implementing new features and ensuring alignment with project requirements.
- Contributed to code reviews, debugging sessions, and optimization efforts to enhance application performance and user experience while gaining hands-on experience with various technologies.

PROJECTS

Food Ordering website 🔗
Created using concepts of HTML and CSS. Most suitable to be viewed on Desktop view.

ToDoDo 🔗
Created a to-do list application, built with React.js, Redux, and Bootstrap, which offers a seamless user experience for managing tasks. Utilizing React components and Redux state management enables users to easily add, delete, and mark tasks as completed while being deployed on Vercel for accessibility.

HOBBIES

Bharatanatyam, Crochet, Sewing, Travelling, Cooking.
